Subject: RE: draft email to Sims

Hi Juliet – I think it coming from you is sufficient. I tweaked the last two sentences slightly from what you suggested. See below.

Subject: Sediment Remediation Plan

Melisa,

In anticipation of Sims drafting the Sediment Remediation Plan (SRP) as required by the consent decree, we would like to meet with you and your consultant to discuss the sampling results, our concerns and expectations (and yours) so as to save time in Sims drafting the SRP. As you know, the second round of sample results were sent to us recently in the Sims Draft Sediment Investigation Report, and Sims recently took some additional grab samples of the riprap (and we anticipate soon receiving those results).

Are you all available to come to our office for a meeting the afternoon of August 16? Our attorney Rich Campbell will be attending also.

Regards,

Juliet Hannafin
